Subject: California Conservation Corps (CCC) Projects

The Department of Community Services and Development (CSD) has partnered with the California Conservation Corps (CCC) to assist your agency with valuable project work and training opportunities to corpsmembers. Attached is the solicitation packet and application submission information.

CSBG eligible entities may submit an application to CCC by December 21, 2011 for review and rating; only one project submission per eligible entity will be considered. The awardees will be posted on CSD's website by February 17, 2012.

All questions regarding the solicitation can be forwarded to the designated email at Corps.projects@ccc.ca.gov by November 29, 2011. A conference call is tentatively scheduled on December 5, 2011 to address the submitted questions. Further information will be emailed to the CSBG Service Providers regarding the conference call.

We hope that these resources will enable you to expand your already significant efforts to assist improving the lives of low income families in California.
